Black

NOTE: For any coating selected, the user assumes the responsibility for the corrosive agent, its concentration, temperature, moisture content and the ultimate effect on the coating and the equipment.

## Special Coatings

Products receiving special coatings have components painted before assembly. Fasteners are not painted.

### Acrylic Epoxy

This product provides a more durable surface.

### Heresite (Air Dry)

A phenolic coating with greater resistance to most organic and inorganic acids.

### Insulmastic

A black asphalt based mastic that provides some condensation control, sound deadening and corrosion resistance.
